# DRIVE

## MOBILE RAMP

59,00 EUR

*„That 175 Kg can be placed on a 1 Kg ramp is unbelievable, you have to feel it!”*

### MINIMUM WEIGHT

The mobile ramp DRIVE weighs only 1 Kg! The minimum weight makes it of course easy to use.

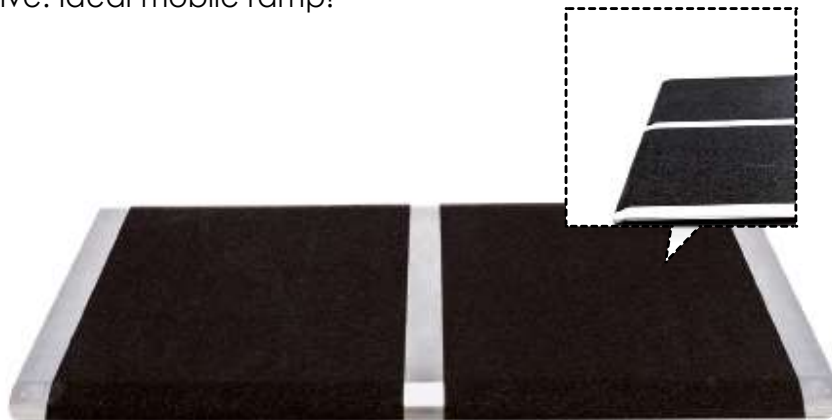

The ratio weight to load capacity of 175 Kg is of all ramps the most impressive. Ideal mobile ramp!

### OPTIMAL COMFORT

Place it on the surface and secure, more is not required.

It weighs as much as a pack of sugar. But as mobile as he is, he can also be screwed to the surface.

### SAFE

The DRIVE has an extremely stiff non-slip that makes it impossible for slipping and creates a secure feeling.

### IDEAL DIMENSIONS

This is practical ramp with a size of 40 × 80 cm. This makes it wide enough for wheelchairs but narrow enough to be feather light.

### MAINTENANCE-FREE

Only the non-slip surfaces should be kept clean and dry to ensure safety. That's everything.
